SAMAKE Ba Samba

() FR ~

Digital Manager / IT Consultant

Qui suis-je?

SAMAKE Ba samba est mon nom complet, métisse du peuple africain, sénégalais de nationalité, terrien d'origine.

Je suis passionné depuis le bas-âge par 3 choses: la technologie, l'écriture et l'image (la photographie). Ces trois domaines constituant la presse en ligne de nos jours, il devient aisé de comprendre pourquoi mes secteurs d'activité tournent autour de la communication digitale et l'analyse de données.

Pour dire, une passion développée à un très jeune âge pour la plume, le placement de produit, la technologie et l'image (je préfère dire le "pixel"), peut facilement expliquer mon orientation professionnelle sur la TECHNOLOGIE INTERNET qui résume mes plus grandes passions en un mot :
